SUBJECT LINE: Transforming Health Care: Register for the SHCIP Aug. 8 Webinar

This email is being sent on behalf of Karen Merrikin, State Health Care Innovation Planning Project Director.

Register now [link: <https://www2.gotomeeting.com/register/158473450>] to attend the State Health Care Innovation Planning (SHCIP) Aug. 8 webinar, *Toward Health Care System Transformation in Washington State*. This event—the second webinar in the series—will take an in-depth look at strategies under consideration to support health care delivery system transformation in a multi-payer, provider, and purchaser context. Topics will include an overview of how Innovation Planning continues to evolve and focus, as well as of work to date for specific streams of inquiry.

In June, thoughts and questions submitted by members of the SHCIP Feedback Network helped shape the June 27 webinar, ***Transformation for a Healthier Washington***. [link: <http://www.youtube.com/watch?v=dsNHtwC0sul&feature=youtu.be>]. Now, your ideas are needed to help us plan the Aug. 8 webinar.

Please send thoughts and questions for the Aug. 8 event to simquestions@hca.wa.gov. Every email sent to this address is read and processed. Project requirements imposed by the funding source and the short timeline make it impossible for us to integrate all of the ideas, but every suggestion is considered.

Finally: please consider sharing this email with others you know who may be interested in state health care innovation planning. Our Feedback Network is open to those who would like to be added. There are no restrictions on membership. Send a request to simquestions@hca.wa.gov.
